STATEMENT REGARDING SUBSTANCE OF INTERVIEW

In accordance with Applicants' duty to submit a statement regarding the substance of an interview, Applicants submit that a telephone interview occurred on June 25, 2007, in which Applicants' representative discussed the rejections under 35 U.S.C. § 103 based on FAIN et al. and PETROPOULOS. In particular, Applicants' representative explained that claim 1 recites processing a query in a first manner when the query is determined to be a non-commercial query and processing the query in a second, different manner when the query is determined to be a commercial query, while the references applied by the Examiner disclose categorizing documents, not queries. An agreement was reached that an amendment of claim 1 to further define query would overcome the art of record.

To the extent necessary, a petition for an extension of time under 37 C.F.R. § 1.136 is hereby made. Please charge any shortage in fees due in connection with the filing of this paper, including extension of time fees, to Deposit Account 50-1070 and please credit any excess fees to such deposit account.

Respectfully submitted,
